OVERVIEW	III
How this Book is Put Together	iii
Conventions	iii
Icon Key	iii
About the DVD that is Included with the Book	iv
CHAPTER 1 INTRODUCTION TO CHIEF ARCHITECT	11
The Chief Architect Interface	11
Working with the Toolbars	19
Chief Architect's Views	34
Using the Mouse in Chief Architect	42
CHAPTER 2 GETTING READY TO DRAW	48
The Chief Architect Library	48
Getting Your Prior Version Library Catalogs into Chief Architect X8	48
The Chief Architect X8 Library Content and Catalogs	49
Saving and Storing Plan Files	57
Managing Files	58
Defaults, Preferences and Other Settings	64
CHAPTER 3 QUICK START VACATION CABIN: FLOOR PLAN	78
Drawing Walls	78
Rough Sketch of the Vacation Cabin Plan	78
Exterior Walls:	78
Interior Walls:	82
Doors	88
Placing Doors	88
Deleting Doors	93
Windows	93

Table of Contents	
Placing Windows	93
Object Snap Symbols	96
Roof	96
Annotation and Dimensions	99
Placing Text:	99
Placing Dimensions:	103
Printing	106
Printing the Current View:	106
Printer versus Plotter?	108
Printing to a PDF File	109
CHAPTER 4 RESIDENCE: FLOOR PLAN (1ST FLOOR)	110
Setting Defaults before Beginning a New Plan	110
Setting Defaults for New Plan Files	110
Making a New Template File for the Chief Plateau Estates	118
Creating a Plan File from a Template File	153
Drawing Exterior Walls for the Chief Plateau Model 1 Home	154
Completed Plans – For Reference:	154
Using the Align Tool with Walls	158
Creating a Custom Wall Type	160
Room Definitions and Key Room Properties	163
Drawing Interior Walls for the Chief Plateau Model 1 Home	173
Overview on How a Floor Plan is Typically Dimensioned	173
Drawing the Interior Walls	175
Accurately Positioning Interior Walls by Creating Exterior Dimensions	178
Adding Doors, Openings and Windows	202
Insert Doors	204
Insert Openings	214
Insert Windows	215
Adding a Fireplace	221
CHAPTER 5 RESIDENCE: SECOND FLOOR AND BASEMENT	224
Building the Second Floor	224
Coping Walls From the First Floor	224
Second Floor Defaults	228

Working with Chief Architect's Room and Floor Features	232
Using the Reference Floor and its Layer Set	241
Adding Interior Walls for the Second Floor /Finishing and Refining Interior Walls	250
Adding Doors, Openings, and Windows	257
Adding Doors	257
Adding More Windows	259
Creating a Basement and Working with the Foundation in Chief Architect	260
Foundations and Footings for Walls and Rooms	260
Building a Basement Foundation and Moving Walls	270
Looking at the Foundation for the Attached Garage	280
Designing Stepped Foundation Walls	286
Creating Stairs	295
Creating a Staircase	296
Creating a Stair Landing	315
Developing a Basement Floor Plan Using Furred Interior Walls	321
CHAPTER 6 RESIDENCE: DIMENSIONS	327
Adding Dimensions to the Floor Plan	328
Using the Manual Dimension Tools	328
Creating a New Layer for Selected Dimensions	342
Editing Dimensions and their Extensions	347
Chief Architect's Automatic Interior Dimension Tools	356
Dimension Annotations	364
Annotation-Working with Multiple Defaults	364
CHAPTER 7 RESIDENCE: ROOF	371
Roof System Basics	371
Displaying Multiple Views	371
Roof Basics in Chief Architect	379
Building an Entire Roof at Once	400
Creating a Roof for Your Model and Placing Dormers	419
Creating a Roof	419
Roof Annotation	439
Working with Roof Labels	439
Choosing a Material for the Roof and Storing Materials in the Library	444
Storing Materials in the Library	444

Table of Contents

Changing the Material for the Roof	450
Working with Ridge Caps	453
CHAPTER 8 WORKING WITH 3D VIEWS	467
Chief Architect’s View Cameras	467
Using the Orthographic and Perspective View Cameras	467
Using the Cross Section and Elevation Cameras	486
Using 3D Views to Paint Materials on Walls and Rooms	494
Working With Materials and Using the Material Painter in 3D Views	494
Layered Material Polylines	509
CHAPTER 9 RESIDENCE: DECKS	515
The Deck Platform	515
Adding a Deck Platform	515
Adding Deck Planking and Framing	523
Deck Stairs	528
Drawing Stairs for a Deck	528
Customizing Your Model 1 Deck	538
CHAPTER 10 RESIDENCE: FRAMING	545
Adding Structural Framing Members	546
Framing Using Chief Architect’s Framing Tools	546
Modifying and Adding Structural Elements to Meet Design Requirements	566
Editing and Adding Structural Elements in Your Framing Plan	566
Framing for a Cantilevered Deck on the 2 nd Floor	585
CHAPTER 11 RESIDENCE: CREATING TEXT	593
Chief Architect’s Basic Annotation Tools	593
Text and Callouts	593
Working with Rich Text Fonts, Sizes, Colors, and Styles	602
Text Styles	611
Text Style Properties	611
Working with Text Styles	616
Displaying Text Labels for CAD Objects	619
Annotation Sets	624
Working with Annotation Sets	624

Using Layer Sets with Annotation Sets	631
Creating Schedules	634
Creating a Window Schedule	635
CHAPTER 12 RESIDENCE: INTERIOR DESIGN	647
Bathroom Layout	647
Kitchen Layout and Cabinet Design	653
Placing and Merging Kitchen Cabinets	654
Adding Fixtures and Appliances	669
Working with Special Cabinet Types and Adding Cabinet Feet	671
Editing Cabinets Using Chief Architect's Cabinet Tools	682
Wall and Floor Coverings, Assigning Room Types, and Developing a Room Schedule	694
Adding Wall Coverings with Assigned Materials	694
Assigning Room Types	697
Indicating Room Floor Coverings in Plan	705
Developing a Room Finish Schedule	707
Electrical Layout	714
Placing Electrical Symbols	715
Placing Electrical Circuits	728
CHAPTER 13 RESIDENCE: ELEVATIONS	735
Elevations	735
Automatically Generating a Set of Elevations	735
The Use of Labels in Elevation/Cross-Section Views	738
Automatic Dimensioning of Elevation Views	741
Creating Sections and CAD Details	749
Adding CAD Details	749
CHAPTER 14 INTRODUCTION TO SITE DESIGN	779
Creating a Site Plan	779
Developing a Site Plan for the Construction Documents	779
Building a Terrain Model	789
Terrain Generation Basics	789
Adding Patios/Slabs to the Terrain Model	810
Using Layers and Layer Sets to Get the Views You Want	813

CHAPTER 15 PRESENTING YOUR MODEL	819
Developing Rendered 3D Views	819
Working with the Camera Tools	819
Working with the Render Techniques and Their Settings	830
Camera Preferences and Settings	836
Presenting a Rendered 3D View	848
Exporting High Definition Images	859
The 3D View Capabilities Introduced With Chief Architect X4	862
Using the Walkthrough Path Tool	868
Photo Realistic Rendering	884
Chief Architect's Built-in Ray Trace Rendering	884
CHAPTER 16 WORKING WITH CHIEF ARCHITECT'S LAYOUT TOOLS TO DOCUMENT YOUR PLAN FOR REVIEW AND CONSTRUCTION	901
Creating the Working Drawings	902
Creating a Layout File for Working Drawings	902
Sending Plan Set Views to the Layout File	922
INDEX	942
